About Us

The vision for starting **Loving Hands LLC** started when the founders, Enid and Charles Lusagala and Dr. Ruth Sila, were working in the field of caring for individuals with intellectual disabilities. With over four decades of combined experience in the field of disability service, they developed the desire and passion to make the vision come to life. In 2023, it was finally founded.

Our Vision Statement

We provide services and opportunities for individuals with disabilities to explore, participate, and grow in every aspect of their lives in the community. Our vision is to create and inspire a better everyday life for our individuals with developmental disabilities.
